## RANGE SERVANT

Founded in Halmstad, Sweden in 1986, Range Servant's founder, Jordan Knez, saw a need to improve equipment for the golf industry. Using sustainability and durability as guiding principles, he combined his enthusiasm for golf and technical expertise to develop Sweden's first ball dispensers, washers, and ball pickers. In the early 90's, Range Servant expanded to the United States and developed a network of distributors around the world. Range Servant handles billions of balls annually and are considered the market leader in driving range equipment.

## THE BUSINESS

Range Servant produces and sells driving range equipment and vending solutions that manage the picking, washing, dispensing, and overall handling of golf balls. Each customer is unique, and we are always happy to assist with technical support, spare parts, installation, and project management. Range Servant also offers a wide variety of golf course and range accessories to make us your one-stop shop for high-quality range equipment.

**Maximizing efficiency and profits  
for driving ranges worldwide.**

# INCREASE DRIVING RANGE EFFICIENCY

## BALL MANAGEMENT SYSTEMS

Range Servant Ball Management Systems (BMS) lower operating costs and increase efficiency. Our BMS solutions are designed specifically to reduce labor costs and the time it takes to process your ball inventory by combining picking, washing, and dispensing into one system. Automating your range with a BMS solution will immediately improve your core business and customer relations. Our systems are versatile and can be adjusted to fit the needs of any facility, from the smallest country club to the largest commercial range. We have helped thousands of ranges around the world run an efficient, cost-effective, and easy-to-operate driving range.

” Range Servant was instrumental in helping us develop an efficient Ball Management System that allows us to effectively streamline our ball picking and distribution process. Our BMS has cut labor costs by decreasing the amount of time our employees handle range balls. Our BMS diminishes any unexpected disruptions to our high-level guest experience.

*Mike Shamia, Tower Tee Golf & Recreation  
Saint Louis, MO*

## DITCH SOLUTIONS

GREAT SOLUTION FOR  
**ROBOTIC PICKERS**

Read more on page 17

” This year, from May through Nov, our Range Servant ball machine dispensed over 100,000 buckets of balls. Having a machine that can hold such a large volume of balls and that is so reliable is paramount to our business. Our Ultima 45 dispenser took us to another level this year.

*Bobby Iannarone, Granite Links Golf Club, Quincy, MA*

# ULTIMA DISPENSERS

- 3 year warranty on frame and housing
- 53" tall - easy and safe to load
- Quietest dispenser on the market

Range Servant Ball Dispensers will increase ball sales, give you better cash control, and reduce labor.

**” I’ve been using Range Servant products for over 20 years and as technology has progressed so have their ball machines. Their machines are the best I’ve been associated with by far, from the material used to the mechanical system that operates seamlessly without any problems. The support Range Servant offers for the machines is also a huge plus, as we’ve become almost 100% automated.**

*John Tolan, PGA, Family Sports Golf Course, Centennial, CO*

# GREEN LINE DISPENSERS

## FLAT TOP MODELS

The original flagship product of Range Servant is the RS-Ball Dispenser, which has consistently proven to be the most reliable and durable on the market. The grid and cradle system, introduced in 1983, consistently delivers an exact amount of clean, counted, and undamaged balls to the customer. Green Line Dispensers, introduced in 2002, use the same interior mechanics as our original RS Models.

- Jam-free grid and cradle system
- 4 Bucket sizes available
- Exact ball count per dispense
- Tokens, cash, range cards, e-keys, credit cards,
- PIN codes, QR codes, and mobile pay options
- Aluminum, stainless, exterior and galvanized steel interior
- 3 year warranty on frame & housing
- 58" tall - easy and safe to load
- Quietest Dispenser on the market

” Our new GL-8 ball dispenser from Range Servant has been a tremendous asset for our business. Not only has it improved the efficiency of our operation, at-machine payment processing introduced a valuable new revenue source for after-hours driving range sales, helping our range revenue increase by 46% this past year. Range Servant products are reliable, and staff members are always available for assistance when needed. We greatly appreciate our partnership with Range Servant.

*Elizabeth Clarkson, PGA, The Chimneys Golf Course, Winder, GA*

# RANGE SERVANT PAY

## POWERED BY SWEETSPOT

From the systems that run your range to the tools that manage it, our all-in-one payment solution connects infrastructure, hardware and software with one trusted partner. Range Servant Pay powered by Sweetspot is an end-to-end payment and management platform, from basic tap and pay to more complex payment streams and add-on modules. Our cloud-based platform provides detailed analytics, actionable insights, and dynamic pricing, allowing you to optimize range usage and revenues. Range Servant Pay powered by Sweetspot means one supplier and full operational management under one roof—for a streamlined, smart and more connected site.

- **PAY** by credit card, mobile app, member card, or QR code
- **SCALABLE SOLUTION** for small to large ranges
- **OPTIMIZED REVENUE** through dynamic pricing and booking
- **INSIGHTS AND REPORTS**
- **ADD MODULES** for Simulator, Golf Club, POS, and Academy

**ONE SUPPLIER FOR YOUR DRIVING RANGE**

“ Having previously used another competitor product, I can confidently say that Sweetspot’s payment solution, together with Range Servant, has exceeded my expectations. Customer feedback has been very positive as well.

Overall, Sweetspot delivers a reliable and professional solution that will support the continued growth and development of many areas of our business.

*Matthew Laughtland, Owner of Bishopbriggs Driving Range, UK*

# PAYMENT SYSTEMS

## TOKENS

RangeServant is the only range company that makes our own tokens. This means you will never get a token from an arcade, laundromat, or a nearby competitor. Our standard circuitry can accept up to three different tokens on the same ball dispenser.

- Sell one token for a large, not three
- Dispense ANY ball count for ALL tokens
- Buy fewer tokens
- Curb large bucket sharing and hoarding
- Counters keep employees honest

- Chip-based debit key fob system
- Track every bucket dispensed
- Easily cancel lost or stolen keys
- Wireless PINs and POS integration

**E-KEYS** allow your good customers to get balls right at the dispenser.

-	PDM0085US	5 gang	10 baskets	4,000 balls

Capacity may differ depending on ball quality and filling technique.

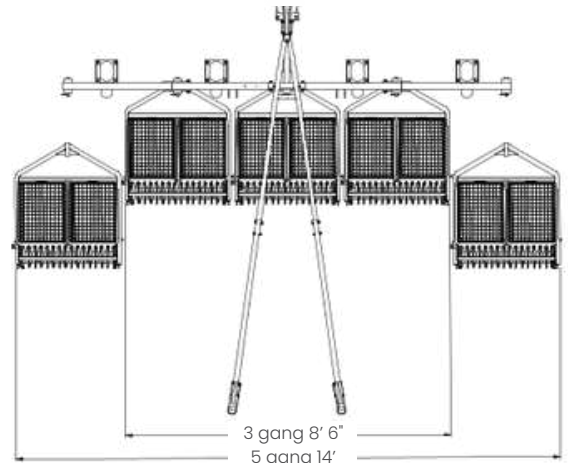

## HEAVY DUTY

Range Servant Heavy Duty Pickers are the only pickers truly designed to take the abuse at busy stand-alone driving ranges. Built to last with thick galvanized steel, our HD pickers stand up to wear from heavy use and Mother Nature. Our pickers have the highest capacities available on the market today.

- 100% galvanized steel construction
- In-line design allows for driving forward and in reverse (no jack-knifing)
- High capacities: 2,400–4,000 balls
- Multiple flex points for varied terrain
- Adaptable to any cart or vehicle
- Unique polyurethane discs with two year warranty
- Durable plastic baskets

**NO JACK-KNIFING** with our pickers

# BALL WASHERS

## RS-REVOLUTION

RS-Revolution Ball Washers are used worldwide at the busiest and most demanding driving ranges. Unique to golf, the self-feeding Revolution Washer frees up hours of labor time every week of the year. Simply dump balls in the hopper and go!

**STANDARD HOPPER** CAPACITY 800 BALLS

**XL HOPPER** CAPACITY 3,000 BALLS

- Powerful 3/4 HP direct drive motor
- Unique fresh water rinse feature
- 100% galvanized steel
- The ONLY self-feeding ball washer
- Fool-proof / jam-free design
- Direct drive = No belts

“ The Revo range ball washer we purchased is by far the best I have used during my thirty years in the business. The compact design, with its ease of use and cleaning power, puts it head and shoulders above all others. I have never seen range balls so consistently clean, our customers have even commented on it.

*John Malinowski, PGA  
Ocean Pines Golf Club, Berlin, MD*

Nowhere for balls to get stuck!

# BALL WASHERS

## RS-38K

Our RS-38K Ball Washer is built with a sturdy frame supporting a rust proof plastic tub. Its large brush and tracking system ensures that each ball changes its rotation axis 3 times for full scrubbing coverage. Polypropylene guide rails and a cushioned track liner protect golf ball clear coat and cover.

- 38,000 balls/hr
- 1,000 ball capacity hopper
- Vibro-feed hopper
- Easy 41" load hopper
- Cushioned ball tracks
- Easy lift-out brush
- 360° ball cleaning
- Lifetime warranty on tub
- Full scrubbing coverage

” When it came time to replace our old ball washer, we reached out to Range Servant and chose the RS-38K. It has proven to be the best ball washer, both in speed and cleanliness, for our premium range balls. I would highly recommend this washer to all of my fellow PGA Professionals who are looking for a top-of-the-line product.

*John Glorioso, PGA, Robert Trent Jones Golf Club, Gainesville, VA*

**HIGH CAPACITY,  
LOW MAINTENANCE AND  
CLEAN RANGE BALLS!**

Only RS-38K Washers **CHANGE BALL DIRECTION 3X** during the wash to ensure every dimple of the golf balls gets scrubbed

RS-38K w/Pre-Soaker

” The Range Servant soaker/washer allowed us to keep up during the two weeks of championship golf. The speed at which it cleaned was amazing.

*Ben Bridgers, Pinehurst Resort, Pinehurst, NC*

# PRE-SOAKER

## PRE-SOAKER 4000

VIDEO

The Pre-Soaker 4000 is designed with mud season in mind. Our Pre-Soaker loosens deeply embedded and caked-on dirt before the balls are lifted out by the elevator into your choice of any ball washer.

- Rustproof stainless and aluminum elevator for years of rust-free functionality
- Perforated belt design keeps water in the bin and balls on the belt
- 36" height makes it easy and safe to load
- Removable interior grid system allows for easy maintenance and cleaning Durable polymer, 1,700 ball capacity bin

PART NO.	PRODUCT	CAPACITY
WIM0002US	Pre-Soaker 4000	approx. 24,000 balls/hr

” We lost over 75% of our driving range turf due to winterkill back in 2021. After that, our range became a field of red Oklahoma mud when it rained. The balls we were able to retrieve were clumped in clay, and our washer just wasn’t sufficient for that degree of work. Now that we have a Pre-Soaker, the vast majority of mud and dirt is removed prior to going through our washer. As a result, the balls are not only much cleaner, but the life expectancy of each ball has been extended.

*Brad Sliauter, PGA - Lake Hefner Golf Club, Oklahoma City, OK*

# BALL MANAGEMENT SYSTEMS

## SMALL BMS

Range Servant has long been the leader in Golf Ball Management. Our Small BMS is a time-tested solution designed to streamline the ball handling process at any golf range. Found around the world at the busiest ranges, our innovative solutions greatly reduce the need for manual lifting, saving both time and labor all season long. Call us today to see how we can help reduce ball washing and loading to the push of a button.

- Operators pick up range balls, press a green button, and let the system take over.
- Balls are automatically submerged and thoroughly cleaned.
- Cleaned balls are lifted into our ball machines via specially designed elevators.
- Designed for ease of use, minimizing heavy lifting.

Our team of designers and project managers can help create a Ball Management System that **FITS YOUR FACILITY'S LAYOUT AND BUSINESS VOLUME.**

## ELEVATORS

Range Servant Elevators have saved a lot of time, money, and aching backs over the years. Standard sizes fit our ball dispensers, but our elevators can be custom-made in any length for driving ranges and golf ball recovery operations.

- Rustproof stainless steel and aluminum
- 30,000+ balls/hour Reliable direct-drive motor
- Overfill sensor turns off elevator automatically when dispenser or hopper is full
- Compatible with any ball washer
- 3 year warranty
- Ball washing is reduced to pressing

### ONE GREEN BUTTON

- Extra outlet powers any ball washer for an instant Ball Management System
- Photo-sensor is adjustable for optimal filling
